Piers and boarding the boats

The two large and modern passenger boats MS TEGERNSEE and MS ROTTACH-EGERN are equipped for disabled people and are used on the Grand tour. Boarding for the Grand tour is in Tegernsee Rathaus (Town Hall, pier 1), Rottach-Egern Strandbad (Lido), Bad Wiessee Ortsmitte (Town Centre), Kaltenbrunn and Gmund Seeglas.

Access to the two large passenger boats takes place depending on the water level or slightly sloped via a wheelchair-friendly transition bridge. On the transition bridges, a small threshold of about 5 cm (tripping hazard!) needs to be overcome. Our team will be happy to help you.

The **piers** in Tegernsee Rathaus (Town Hall, pier 1), Bräustüberl and Seesauna, in Rottach-Egern Überfahrt and Strandbad, in Abwinkl, Bad Wiessee Ortsmitte (Town Centre), Gmund Seeglas and Kaltenbrunn are reachable **without steps**.

The **piers** Tegernsee Rathaus (Town Hall, pier 2), Rottach-Egern Bachmair are reachable with 1 to 4 **steps**. These piers are operated with the smaller boats within the framework of the southern round trips and one-way trips.

Boarding the small boats takes place without a transition bridge. Here, there is a small gap between the pier and the boat. The boarding height varies depending on the water level.

In case of a stronger waves (e.g. when windy), it is likely that the boats may move up and down during the boarding process, especially the smaller boats.
